Weed and Tall Grass Removal

We've all seen it...those yards that seem to have never known the cut of a lawn mower blade! In addition to being unsightly, these areas can lead to an increase in rodent infestation, decreasing visibility at corners resulting in traffic safety issues, and an increase in pollen causing misery for allergy sufferers. Based on those reasons, the City Council has in place regulations requiring grass to be shorter than 6" and for hazardous/noxious weeds to be removed.

If you haven't mowed your lawn in a while and it looks like your own private jungle, you might be on the list to receive a letter from the city. If you haven't responded to the request to take care of the problem, the City will mow it at a rate of \$75/ hour with a minimum charge of \$75 and you will get the bill.

CITY HALL HOURS

Tuesdays & Thursdays

12 p.m. to 6 p.m.

CITY COUNCIL MEETINGS

- July 11
- July 25
- August 8
- August 22
- September 12
- September 26

STORM SEWERS

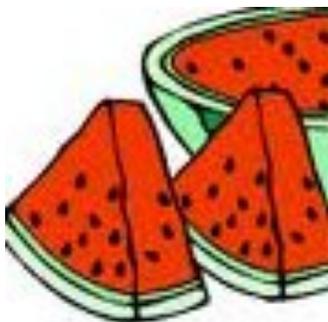

When mowing your lawn, please do not mow toward the street. The grass clippings can clog our new storm sewers and cause problems.

To keep up with the City of Jeffers payments for the new improvements to the sewer and water services, **City Water and Sewer rates will be increasing starting with the November 2011 bill.** The new rates are still being determined.

SUMP PUMPS

All premises and dwellings upon which sump pumps are presently or in the future installed, shall have permanent discharge line leading from the sump pump to the outside of the premises or dwelling. Sump pumps **cannot** be hooked into a drain or the sanitary sewer system.

Summer Time!

READ WATER METERS EVERY MONTH ON THE 1ST

If you have a new meter, you don't need to read it. If you still have the old meter, please read your meter on the first of every month. You can drop it in the mail, call it in, drop it in the drop box or stop by on Tuesdays or Thursdays from 12 p.m. - 6 p.m.
